# Heights Reservoir Beach Restricted To Residents

As a safety measure, the Arlington Board of Park Commissioners at their meeting held Monday night, June 20, following a hearing at which some fifty citizens protested against prevailing conditions at the Heights Reservoir beach, immediately issued an order restricting the use of the beach to residents of Arlington only.

Daniel J. McFadden, park superintendent stated that crowds at the beach have been so great that the facilities have been overtaxed there, endangering the safety of swimmers.

A recent survey revealed that more than half the beach patrons do not reside in Arlington. In order to be sure that non residents do not use the beach in the future,

the park commissioners will issue identification cards, as of Monday of this week, and refusing admission to the beach area to non residents, according to a statement made by Superintendent McFadden.

It was also announced following Monday's protest meeting, that because of complaints by residents living near the beach, anyone that is found loitering in the area after nine p.m. will be prosecuted.

The petition which bore several hundred signatures of nearby residents and other interested persons was presented at the hearing at which Park Commissioners Edward D. Buckley and Daniel A. Purcell and Superintendent were occupied in answering questions and complaints. Among the petitioners for restriction of the beach area was Frank Silva, representing the E. Arlington Betterment Association.

# Town Of Arlington Winner In Peirce And Winn Property Suit

## Verdict Of \$71,552 Considered Fair And Just To Both Parties

The case of the Peirce and Winn property, located on Mystic street, Arlington, (which property was taken recently by the Town of Arlington by right of eminent domain, to make space for a public parking lot in Arlington's shopping centre,) originally set for trial on June 20th, before a jury in Middlesex Superior Court, has been settled in favor of the Town of Arlington as of Wednesday.

The actual price which the town of Arlington will be asked to pay for the property has now been determined by the jury in session on Wednesday is the sum of \$71,552. This verdict is made up of the sum total of \$64,000, with added interest at the rate of 4 per cent per year since July 15, 1946, which was the date of the taking of the property by the town of Arlington, making a total of \$71,552.

Town Counsel Hamlet states that the town will proceed at once to tear down the structure which has been left standing pending the viewing of the property by the jury.

The town brought forward two experts, John F. Murphy, who appraised the value of the property at \$61,000 and Frank Ross, who appraised the property at \$58,500. An expert for the plaintiff appraised the parcel at \$175,000.

It is the consensus of opinion expressed around town following the announcement by Town Counsel Hamlet on Wednesday that the verdict rendered is a fair and a just one to both the Town of Arlington and the property owner.

The Town of Arlington was the defendant in the petition for the assessment of damages brought by

## "A SANE FOURTH"

If the safety authorities of Arlington, the efficient and untiring members of both the Arlington police force and the Arlington fire department, can bring their efforts to a successful climax, the coming Fourth of July observance will be the most sane in recent years.

We think that too much praise cannot be given to these officials who are directing their efforts to holding down the highway accident toll.

In other years, the Fourth of July has been one of the blackest days on the calendar, as far as highway safety is concerned throughout the nation.

Celebrators throw discretion to the winds. There is speed and still more speed, death and still more death, with an appalling aftermath of disaster and tragedy left across the nation's highways.

Every agency of law enforcement at the command of local state and national authorities, is being called into action for the coming observance.

It's to be an all out drive to cut the accident toll. But they cannot do it alone. Won't you help? Won't you do your part to make this great day a day of rejoicing and not of sorrow?

## Bishop Wright Joins Regis, B. C. Alumni At Nuptial Mass

Bishop John J. Wright celebrated the nuptial mass and officiated at the ceremony on Saturday morning in St. Agnes church, Arlington, which united Miss Eva Marie Casey, former chairman of the Junior Service Committee of the League of Catholic Women, and David Carey, of Concord, son of David Carey of that town.

The bride, Regis alumna and the daughter of Mr. and Mrs. John J. Casey, of Arlington, was given in marriage by her father.

For her nuptials, the bride chose a lovely gown of bridal ivory—satin, en traine, with fitted bodice and pearl embroidered off shoulder. bertha. Pearls also bordered the skirt, which opened at the front to reveal tiers of delicate imported Chantilly lace. Her chapel length veil of imported illusion fell from a pearl encrusted satin Juliet cap and she carried a missal adorned with twin white orchids.

Identical bouffant off-shoulder gowns of faille, with which matching picture hats were worn, set off the beauty of Miss Norine T. Casey, honor maid for her sister, in lime green, an' din orchid, the Misses Marie Natoli of Belmont, and Virginia Doyle of East Weymouth, cousin to the bride; Mrs. Albert V. Casey, of Baldwin, N.Y., sister in law of the bride, and Mrs. Francis K. Linnehan (Anne Stefens), the bride's former college roommate, completing the beautiful rainbow effect of the bride's attendants.

For her role of junior bridesmaid her cousin, Miss Ann Doyle of West Roxbury matched her old fashioned gown of lime faille with

a poke bonnet and carried an old fashioned arrangement of summer flowers. Miss Casey carried a cascade bouquet of yellow roses and baby's breath while talisman roses and baby's breath made up the bridesmaid's bouquet.

Edward Finigan of Concord was the best man and usher duties were shared by the bride's brothers, Albert V. Casey of Baldwin, and John J. Casey of Roslyn, N.Y.; John B. Finigan of Concord and Richard J. Hassey of Cambridge.

The newlyweds were assisted in the receiving line at the Winchester Music Hall by Mrs. Casey in aqua lace with a hat of matching plum- es.

## Rev. And Mrs. Schadeegg On European Tour

Rev. and Mrs. Milton Frederick Schadeegg, of the Park Avenue Congregational church, left for Europe on Monday, on a trans-oceanic liner from Bradley Field,

Windsor Locks, Connecticut, as the host and hostess for a group of young people touring Europe under the sponsorship of the Youth Agency, a non profit, non sectarian

organization which promotes travel in the interests of world brotherhood. More than four thousand young people will take advantage of these sojourns to Europe during the coming season.

The Shadeggs look forward to a most interesting trip. They are invited to be guests of Mr. and Mrs. Manfred Rausher and family, in the high Alps, after visiting Switzerland cities for a week. Later the group will entrain for a trip through Germany, Denmark and then Sweden, to Finland, where they will attend the International Service Seminar at Sportscollege, Vierumski, under the sponsorship of the American Friends Service organization. The group plans to return to this country aboard the SS Scythia from Le Havre, via Quebec.

*Who said . . .* And why are they  
the most wonderful tires ever built?

For more than two years these great tires have dominated the automotive scene, written themselves into the design of the newer motor cars, fixed themselves in the enthusiasm of countless thousands of motorists.

What is all this? What's going on? Why should a couple of new tires create such a startling revolution? Why were they followed by a host of attempted imitations—why were they never successfully equalled or duplicated?

Yet here they are—just a couple of nice looking tires. What's inside of them? What do they do that other tires won't do? Why should you prefer them, insist on them, buy them? Why do millions insist on them and buy them?

### The answers are very simple

The answer starts with the simple fact that they are the exclusive and original U. S. Royal "Air Ride" tires. They take more air than ever before because there's more air room inside them—yet they ride you and cushion you on less air pressure. That's point number one.

Point number two is that they steer magnificently, easier than former tires, because their treads were specially designed for steering. Their treads are for sure and easy steering as well as safety.

Point number three is that by combining lower air pressure and faultless steering you get a tire that provides complete vehicle control around the turns, in parking maneuvers, on the straight-a-way at any speed—yet they are tires that also ABSORB THE ROAD. They cushion you and your vehicle from every shock and discomfort. They are tires that pave their own highways as they go along.

### The difference between them

What's the difference between these two U. S. Royal tires? The difference is quantity. You get a bigger tire in the Royal Master, one with much deeper tread rubber; one whose traction and stopping tread may be renewed by regrooving time and time again. And the U. S. Royal Master costs more because it's a bigger tire with a proportionately greater capacity and span of life. Both tires are the finest net value in the world.

They are not luxury tires. They are not cut-price tires. They are pure value—the greatest value in tire history.

**The tires that revolutionized automotive riding and driving**

1. The tires that perform with more air and less air pressure
2. The tires that absorb the road they travel on
3. The tires that fully cushion every shock and road strain
4. The tires that radically influenced modern automotive engineering and design
5. The tires that have been copied and imitated but neither equalled or duplicated

6. The only tires of low air pressure with especially designed steering tread
7. The tires without any excess (lazy) rubber—run cooler and, therefore, wear much longer
8. The tires exactly designed to fit your present wheels
9. The tires chosen as original equipment on the finest of the new cars
10. The tires that make old cars feel like new

11. The tires that pay for themselves in pleasure, protection and long wear.

These are the tires whose revolutionary qualities and sensational performance established today's highest standards of riding and driving comfort, safety and economy. Sold by U. S. Royal Dealers everywhere at fair and stable prices representing the highest tire value in the world. You may act with complete confidence on these facts today or any day.

## "Kate Smith Speaks" On WNAC Daily For Cain

Kate Smith, radio's most beloved  
personality, is now featured on  
WNAC each weekday at 12 noon  
in an informal, intimate program  
called "Kate Smith Speaks." It is  
presented in New England by the  
John E. Cain Co.

Radio's friendly "First Lady,"  
talks about everything of interest  
to Arlington women from rowboats  
to robins. And she is not afraid to  
speak her mind about vital things  
which she feels America should  
know in her sincere and straight-  
forward manner.

Noted for her kindness and cour-  
age, Kate Smith carries on her  
fight for a better America each  
day on her program, "Kate Smith  
Speaks."

She and Ted Collins give the  
human side of the news on the  
noontime broadcast. Through this  
popular series on WNAC Kate  
Smith lends her influence to im-  
portant national causes like the  
fight against juvenile delinquency,  
adequate pay for teachers, the un-  
ending war against evil, racketeer-  
ing and intolerance.

## Plan Pilgrimage To LaSalette Shrine

Arlington Catholics will join  
with other groups from Belmont,  
Watertown, Concord, Newton and  
Waltham, in a pilgrimage of po-  
nence and prayer, to visit the nation-  
al shrine of Our Lady of La Salette  
in Ipswich, on Sunday, June 26th.  
The devotions at the shrine an-  
nually attract hundreds of devoted  
pilgrims through Sunday afternoons  
in the summer season. The  
services begin at three o'clock at  
the shrine and are of one hour's  
duration each.

A procession opens the service,  
through the seminary gardens,  
while hymns are sung. The pro-  
cession of the Way of the Cross  
then follows, through the beauti-  
ful grounds with a background of  
evergreen trees and shrubs, wind-  
ing its way to the outdoor shrine  
set in its green arbor. Rev. John  
C. Toner, M.S., will be the preach-  
er. The service will close with the  
benediction of the Most Blessed  
Sacrament.

The day of the pilgrimage also  
marks the opening day of the La  
Salette boys' camp, conducted on  
the grounds of the shrine.

Among the Arlington boys who  
will enter the camp on the same day  
are Paul Crane, Joseph Warren,  
Brian Flynn, John and Patrick  
O'Keefe and Robert Reid. The  
camp will continue to operate for  
eight weeks and is under the per-  
sonal direction of the La Salette  
Fathers and Brothers.

## WHEN THE SUN GOES DOWN — SLOW DOWN — SAYS RED CROSS

"Everyone has a normal desire to  
help when an accident occurs,"  
said E. Forest Hallet, director of  
Accident Prevention and First Aid  
Service of the Boston Metropolitan  
Chapter of Red Cross. "But the  
desire to help before and accident  
occurs—to help prevent the ac-  
cident, seems to be overlooked."

Particularly now that the driving  
season is definitely on, said Hallet,  
every possible precaution should be  
taken by motorists if they are to  
spend a carefree, happy summer.  
Everyone who owns or drives a  
car has it on the road these hot  
days and nights, driving off to the  
shore or along the countryside to  
cool off and necessary driving cau-

tion, is, many times, overlooked.  
You cannot be too careful when  
driving warns Hallet. "Traffic is  
so heavy on all roads, not only on  
main highways, that a driver must  
be constantly on the alert."

In Massachusetts last year the  
death toll by automobile accidents  
totaled 445 and 40,852 persons  
were injured in automobile acci-  
dents. Many of these deaths and  
injuries could have been avoided if  
drivers had been alert and atten-  
tive to their driving, had obeyed  
traffic signals and not tried to  
beat lights; if they had kept within  
speed limits and been considerate  
of other cars on the road.

Speeders are warned that the

greatest number of accidents oc-  
cur on the open highway while  
their cars are travelling straight  
and safe operation is overwhelmed  
by excessive speed.  
Dusk seems to be the hour when  
traffic reaches its peak and visibil-  
ity is bad. Careful drivers should  
heed the admonition; when the sun  
goes down—slow down.

Hallet also warned motorists to  
be very careful of lighted cigaret-  
tes—do not throw them out onto  
the roadways. Due to this recent  
hot spell the ground and woods are  
unusually dry for this time of year  
and forest fires are an immediate  
danger. Remember, you cannot be  
too careful.

tinental Breakfast, sponsored by

Ideal weather prevailed and

Street Congregational Church. The

## Bridge Party

sponsored by the VFW Post 1775  
of Arlington, which are held each

## NEW BLESSED EVENT SHOW ON WCOP SOON

The Boston Lying In Hospital is  
the origination point for WCOP's  
new "Blessed Event" show, featur-  
ing WCOP staffer Frank MacDon-  
ald interviewing new mothers and  
others, visiting relatives and the  
Lying In personnel.

During the program WCOP will  
keep in touch with the hospitals in  
Boston and if a baby is born dur-  
ing the fifteen minutes the pro-  
gram is on the air, the show will  
be interrupted and awards pre-  
sented to the mother of the new  
born baby. The new parents them-  
selves are the high point of the  
show, with emcee MacDonald get-  
ting first hand impressions direct  
from the Hospital rooms. Even the  
"blessed events" themselves in-  
troduce and close the program.
